

NSF S-STEM SCHOLARSHIP PROGRAM

For UW applicants transferring from **Washington State Community Colleges** who will be pursuing **Materials Science and Engineering, Chemical Engineering, or Mechanical Engineering** for a "materials-intensive" bachelor's degree at the UW.

Awarded **\$6,000/year** while engaging in hands-on faculty mentoring, research experiences, access to state-of-the-art laboratories, and all the excitement UW campus life has to offer.

Includes research seminars, lab visits, professional development, peer-mentoring, and social events with fellow UW students.
